Stokke® Extended Warranty

Congratulations on your new Stokke® product

Your child's safety, as well as the product's **quality** and **durability**, is of great importance to us.

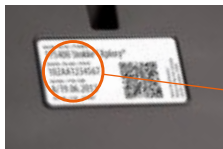

Registering your genuine Stokke® product ensures that you will be notified if any product upgrade is necessary. Once the product has been registered, you will receive your **extended warranty certificate** by email.

Please visit stokke.com to get additional information and to obtain full warranty details for each of our products covered.

Some of Stokke's products have a **QR code** on the product label or/and the shipping label. Simply scan this unique QR code to be taken directly to a pre-filled form in our warranty database, and earn a complimentary extended warranty certificate.

Scan the QR code on your product (not available on all products) or register your product directly at our website: **stokkewarranty.com**

You must complete the required information in full in order to receive the Extended Warranty.

Please note that the product range may differ from country to country. All warranties require that the product has been normally cared for and all wooden/indoor products have been used indoors only. The original purchase receipt must also be presented. Warranties do not cover circumstances due to normal wear and tear and external impact (e.g. color changes resulting from sunlight on woodwork and textiles). With reservations for misprints, change of product range, colors, material, configurations and prices.
